

EXPAND YOUR KNOWLEDGE

STCIU

At STC, it's all about U, the USER!
Increase engagement to improve execution

THE LMS

Powered by Moodle

Integrated seamlessly into the STC product line, use our learning management system to provide standardized and consistent training to users and management. Onboarding new employees quickly, tracking progress and identifying high performers are just a few of the many benefits to using an LMS.

THE CONTENT

It's All About U

We offer a variety of flexible packages to best meet your needs. Already have a training platform and just want to use our product specific courses? No problem! Want to create customized courses? Ok! Want to upload your own employee development resources? We can do that too! Because it's all about U!
