Notes:

The Hospital Service Area or HSA is a designation promoted by the US Department of Health and Human Services, Medicare Division. There are 3,408 HSA's that cover the continental US, geographically and define "local" market areas that typically serve Medicare patients. These market boundaries were designed by the Dartmouth Institute's Atlas Project. Demographic data is sourced from the US Census Bureau and ScanUS. Analytics by STC Health Analytics, Phoenix, AZ. For additional information on the Hospital Service Area designation please see: <https://www.dartmouthatlas.org>
