

Expedited Onboarding for **PioneerRx**

The **market-leading vaccine intelligence** software for **Pharmacies** providing **Immunization services**

With Immslink Expedited Onboarding for PioneerRx You Can:

- ✓ Significantly reduce staff data entry and confusion with in-workflow reporting-
- ✓ Boost immunization revenue while closing gaps in care
- ✓ Real-time access to patients' immunization histories at the point of care

Here's how the process works:

- 1 STHealth facilitates IIS Registration
- 2 STHealth facilitates IIS Data Connection
- 3 STHealth works with State on your behalf to validate data transmission & meet quality thresholds
- 4 STHealth provides training and resources to your staff
- 5 Your connection goes live!

Work with our **team of experts** to get **onboarded & connected** to your State system(s) **quickly.**

Our new and improved onboarding process includes streamlined communication and real-time visibility tracking your progress.
